Your organisation has been granted registration that is due to expire on 8 November 2015. You can apply to the Australian Skills Quality Authority (ASQA) to renew or withdraw your organisation's registration, and timeframes and obligations apply to each process. There are also obligations on organisations that effectively cease to operate, even though they remain registered on CRICOS. If the training and assessment provided is likely to lead to students applying for a licence/recognition to operate in a relevant industry, you will need to ensure that you meet the requirements of the relevant national or state/territory regulator/s. Please contact the relevant regulator/s to ensure you have satisfied regulatory requirements before delivery and ensure that marketing materials are accurate.

Changes to scope of registration

You must apply to ASQA if your organisation wishes to change its scope of registration by either adding or removing a CRICOS course. Information on the process to make changes to your scope of registration is available from the [ASQA website](#).

CRICOS ID number

You **must** quote your organisation's CRICOS ID number in all future correspondence with ASQA. This number **must** also be included in the marketing materials that you use as a CRICOS provider.

Maintaining compliance

I wish to remind you that you have signed a statutory declaration in which you have accepted responsibility for ensuring compliance with the ESOS Framework. This framework comprises the following components:

- Education Services for Overseas Students Act 2000
- National Code of Practice for Registration Authorities and Providers of Education and Training to Overseas Students 2007

This is an important commitment that requires you to actively manage and monitor your CRICOS provider's activities to ensure that compliance is maintained at all times and across all of your operations.

CRICOS provider compliance is the mandated foundation upon which organisations should plan and achieve quality improvements to their training and assessment services.

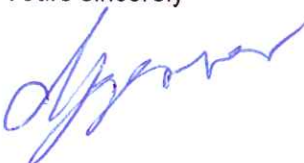

ASQA fees and charges
