Healthcare in Australia

Australia is said to have one of the best health systems in the world. However, the system is complex and we understand that accessing healthcare can be confusing for new visitors. That's why we aim to provide the best advice and support to help you find what's right for your needs, so you can be confident you are getting the best healthcare services, when you need them.

The Australian Government has arrangements in place to ensure Australian residents have access to public hospitals at minimal cost and to subsidised medical services, pharmacy and some additional services.

The private sector, which includes private health insurance, provides an extensive range of services to complement these.

Bupa makes it possible for an overseas student to access a broad range of health services across both the public and private sectors.

What is private health insurance?

Many Australians pay extra towards the cost of their health care and have private health insurance. This provides access to benefits towards treatment in private hospitals and a range of additional dental and allied health services, not available through Medicare.

When you use your private health insurance you can choose the doctor who will be primarily responsible for your treatment and you will be covered for a private room if you request one and where one is available.

There are two kinds of cover:

- Hospital cover pays benefits towards the costs of hospital treatment as a private patient.
- General treatment ('ancillary' or 'extras') cover for some non-medical health services not covered by Medicare – such as dental, physiotherapy and optical services.

What is Medicare?

Medicare is Australia's universal system available for Australian citizens and permanent residents and visitors from countries that have reciprocal healthcare agreements (subject to the terms of those agreements), that subsidises medical fees and some services by dentists and allied health professionals.

In addition, under the arrangements between the Australian and State governments, when you're treated as a 'public' (free) patient, you may be treated by doctors in training, although under supervision from qualified specialists.

Do I have access to Medicare?

If you're applying for a student visa, a current student or looking to extend your student visa you will not generally have access to Medicare.¹

What are you covered for with Bupa?

We pay benefits towards hospital care in private or public hospitals, choice of doctor, out-of-hospital medical and allied health professional fees, pharmacy, and a range of additional services.

¹ Students from reciprocal health countries may have some access to Medicare, however may still require OSHC. Visit humanservices.gov.au/individuals/services/medicare/reciprocal-health-care-agreements to find out more.

Why choose Bupa Advantage Overseas Student Health Cover?

It's our purpose that makes us different - helping our members to live longer, healthier, happier lives. We focus on your health, so you can focus on your studies.

Advantage Overseas Student Health Cover (OSHC) helps ensure you'll be covered for the cost of medical treatments if you get sick or have an accident. The Australian Government requires you to have OSHC for the duration of your study period in Australia.¹ When you lodge your visa application with the Department of Home Affairs you must show proof of your OSHC.

Meet visa requirements

To be 100% sure you comply with the Australian Government's insurance requirements.

Protect yourself from the unexpected

If the unexpected happens during your stay you can be covered for treatments and medical care.

OSHC Extras Cover

OSHC Extras is an extras cover designed for young and healthy students looking for great value. OSHC Extras can be taken out in addition to your visa compliant Advantage Overseas Student Health Cover (OSHC) and offers extra services that are not covered by OSHC alone, up to the relevant yearly visit limits. You'll get 100% cover for a set number of Members First extras services¹ each year that you may need while studying in Australia, such as a dental check-up, physio, chiro and podiatry consultations (subject to yearly visit limits). That means you won't pay any out-of-pocket costs for those included extras at Members First Providers and up to the yearly visit limits. We've made it simple to understand and easy to use so you'll know what value you're getting from the start.

	Members First Extras - What's Covered	Yearly visits

Important things you need to know about your health cover

Switching from another OSHC provider

If you're changing from another OSHC provider to Bupa, you'll continue to be covered for all benefit entitlements that you had on your old cover, as long as these services are offered on your new cover with us, and there is no gap between your previous OSHC and your Bupa cover. This is referred to as 'continuity'.

When changing health funds, extras benefits paid by your old fund will be counted towards your yearly limits in your first year of membership with us. Any benefits paid by your old fund also count towards lifetime maximums.

For more information on switching please refer to the Important Information Guide; bupa.com.au/oshc-info

What is covered?

Hospital costs covered

With private hospital cover, you can choose to be treated as a private patient in either a private or public hospital. When admitted to hospital, in most cases you will be covered for in-hospital charges when provided as part of your in-hospital treatment including:

- Accommodation for overnight or same-day stays.
- Operating theatre, intensive care and labour ward fees.
- Supplied pharmaceuticals approved for the condition to be treated by the Pharmaceutical Benefits Scheme (PBS) and provided as part of your in hospital treatment.
- Physiotherapy, occupational therapy, speech therapy and other allied health services provided as part of an inpatient admission.
- Surgically implanted prosthesis up to the approved benefit on the Australian Government's prosthesis list.
- Private room where available and clinically appropriate.¹

Medical costs covered

These are the fees charged by your doctor, surgeon, anaesthetist or other specialist for any treatment given to you.

You are covered for:

- The cost of inpatient and outpatient medical services, covered up to 100% the Medicare benefit schedule (MBS) fee. The schedule fees mentioned above are the fees determined by the Australian Government as the appropriate fee for a specific service for Australian residents.
- Most inpatient or outpatient diagnostic tests recognised by Medicare as medically necessary (e.g. pathology, radiology).
- Outpatient medical services provided by an allied health provider (e.g. psychologist, optometrist, physiotherapist) where a Medicare benefit would be payable for an Australian resident.
- If your doctor, specialist or allied health providers charge more than the Medicare benefit Schedule Fee there will be a 'gap' for you to pay.

What is not covered?

Hospital costs not covered

Situations when you are likely not to be covered or to have large out-of-pocket expenses include:

- During a waiting period.
- When you are treated at a non-agreement hospital.
- For the fixed fee charged by a fixed fee hospital or a hospital that has a fixed fee service.
- When you have not been admitted into a hospital and are treated as an outpatient (e.g. emergency room treatment, outpatient antenatal consultations with an obstetrician prior to child birth) you may not be covered.

Medical costs not covered

You will not be covered for:

- Medical services for surgical procedures performed by a dentist, podiatrist, or any other practitioner or service that is not eligible for a rebate through Medicare.
- Costs for medical examinations, x-rays, inoculation or vaccinations and other treatments required relating to acquiring a visa for entry into Australia or permanent residency visa.
- Cosmetic surgery.

For more information on what is not covered please refer to the Important Information Guide bupa.com.au/oshc-info

Waiting periods

A waiting period is the time when you are not covered for a particular service. It starts on the date that you enter Australia or the date that you start your membership, whichever is the later date.

If you receive treatment that falls within a waiting period, you will have to pay for some or all of the hospital and medical charges unless the treatment is classed as Emergency Treatment.

The following waiting periods apply to Advantage Overseas Student Health Cover:

Treatment	Waiting period
Pre-existing conditions, ailments or illnesses	12 months
Pregnancy and birth (obstetrics)	12 months

No waiting period applies to a pre-existing condition, ailment or illness of a psychiatric nature for Advantage OSHC customers.

Pre-existing conditions

A pre-existing condition is any condition, ailment or illness that you had signs or symptoms of during the six months before you joined or upgraded to a higher level of cover with us. It is not necessary that you or your doctor knew what your condition, ailment or illness was or that the condition had been diagnosed.

Keep in mind that a doctor appointed by us will decide whether your condition is pre-existing. That said, the appointed doctor must consider your treating doctors' information in relation to the condition, ailment or illness that they treated you for, although they're not bound to agree with them.

Reducing your out-of-pocket hospital costs

Bupa Medical Gap Scheme

The Bupa Medical Gap Scheme is designed to remove or reduce the costs you pay for your treatment in hospital. Where a doctor chooses to use the Scheme for your treatment, they agree to only charge up to a certain fee. Bupa then pays a much higher amount than we normally would to help cover the extra cost. If a doctor uses the no-gap option, Bupa covers all of the extra charges, so you pay nothing for that doctor's medical fees. Otherwise, for each doctor choosing to use the Gap Scheme, the most you'll pay is up to \$500 out-of-pocket on medical costs. Each doctor involved in your treatment can choose to use the Bupa Medical Gap Scheme for your admission in a Public Hospital, or a Private Hospital with which Bupa has an agreement.

See bupa.com.au/medicalgapscheme for more information.

Your Extras Cover

Members First Network

Bupa Members First is an extensive network of healthcare professionals including dental, physiotherapy, chiropractic and podiatry providers. OSHC Extras is available exclusively through this network with the benefit of 100% cover on the set number of included services (subject to yearly visit limits). This means you won't have to pay any out-of-pocket expenses when you visit a Members First Network provider for these services. OSHC Extras does not cover any services at non-Bupa Members First healthcare providers.

See bupa.com.au/find-a-provider for more information.

Optical Partners

Optical Partners give you access to flexibility and choice as well as discounts and offers (up to your yearly limits). You can choose where to shop at over 400 locations Australia-wide and have access to offers that suit your individual optical needs. Details of these offers may change from time to time.

Visit bupa.com.au/opticalpartners for more.

Extras waiting periods

When you first take out or upgrade your health cover there's a period of time before you can make a claim on your new level of cover. This is common across the health insurance industry. You can't claim for services that you receive during this period at your new level of cover, even if you wait to submit the claim once the period is over. An initial waiting period of two months applies for OSHC extras cover.

Easy access at myBupa
